billed in early issues as a practical journal of industrial progress this monthly covers a broad range of topics in engineering manufacturing mechanics architecture building etc later issues say it is devoted to the advancement and diffusion of practical knowledge

appalachian spring is perhaps the most popular work by aaron copland 1900 1990 composed as a ballet for the renowned choreographer martha graham 1894 1991 it was the result of a close collaboration between copland and graham and the music quickly took on a life of its own however the best known versions of the score those most frequently recorded and heard in concert differ in form and musical content from the original ballet which was scored for a chamber ensemble of thirteen

instruments and premiered by the martha graham dance company at the library of congress on 30 october 1944 this edition presents the first completed engraving of the original version of appalachian spring providing musicians and scholars access to the score as it has been performed for more than 75 years by the graham company on each page of the score the editors have included stills from the 1958 film of the ballet with graham dancing the lead role in order to highlight the connection between music and dance an introductory essay explores the creation of the work the musical structure the origins of and differences among multiple versions of the score and the continued significance and influence of copland s music the critical commentary draws on manuscript and published sources as well as graham company performance practice to illuminate editorial decisions the edition also includes appendices that present a comparison of historical tempi markings from the graham tradition for augmenting the orchestration and a selected discography of different versions of the score
